

Your 40 Days to Prosperity Tools

DAY 1

The acknowledgement that “I am seeking my Good, and my Good is my God,” is telling a simple truth.
SCIENTIFIC CHRISTIAN MENTAL PRACTICE, 17.2

This “simple truth” escapes most people, so let us catch the full impact of this statement: God is the Good we seek. God is the fulfillment of all need. God is the Living Water (to use a New Testament metaphor) we live from. To move close to God is to know our Good. To name our Good is to name the finite expression of God that we need in this moment. This is wakefulness. This is wisdom. This is Self Mastery.

Affirmation: Today, I am awake and aware of my deepest wants and desires, especially in the areas of Abundance and Prosperity.
I am seeking my Good and my Good is my God.
